

10 WAYS TO SERIOUSLY SAVE TAX ON BUSINESS INCOME

1. **Chase all Business Related Receipts.**
If you want to overpay your tax, lose and throw away receipts
2. **Rent a Room Out in your Home**
€14,000 per year is tax free as long as you also live in the house.
3. **Registering a start up as a business**
Many part time businesses lose money, keep track of the cost and claim it against your main business.
4. **Looking after Mum & Dad**
Donate up to 5% of your income to your parents. You don't pay tax on this income, and if they are of low income and are over 65, they won't pay tax either.
5. **Married People working pay less tax than Unmarried Couples Living together**
6. **Keep a Diary of where you went and what you did:**
7. **Claim Tax Free Mileage and Overnight Allowance**
Doing this properly saves thousands
8. **Train Employees**
A trained person will make you money.
9. **Interview your Accountant on what they can do for you**
10. **Download the barryaccountants app onto your phone.** (It's in the app store)
